RE-ELECT DAVID WEINSTEIN #1 — NOV. 2, 2021

RE-ELECT #1 DAVID WEINSTEIN

EXPERIENCED EDUCATOR | COLLABORATIVE LEADER | PUBLIC SCHOOL PARENT

for Cambridge School Committee Nov. 2, 2021

THE EXPERIENCE, PERSPECTIVE, AND SKILLS TO SERVE

Every two years we elect a school committee team to serve Cambridge. We need someone on that team with **experience navigating the pandemic**, **the perspective of a former classroom teacher** and a current Cambridge parent, and the **skills of a collaborative organizational leader** focused on supporting each child to achieve their best.

In his first term on the School Committee David has been a leader for educational excellence, racial equity, special education services, communications and family engagement, outdoor learning and recess, and against misogyny and gender-based harassment and assault. Throughout the pandemic he has worked tirelessly for the physical and mental health and safety of our children, our educators, and our staff.

David is the only member of the School Committee who has been a certified classroom teacher. He taught in public elementary and high schools in New York and Massachusetts, and has spent his career in K-12 and college education.

David is a Cambridge Public Schools parent of children now in 4th grade and 9th grade.

David researched educational policy and practice at the Harvard Graduate School of Education and knows how to connect innovations and ideals with classroom realities.

David is a collaborative organizational leader and communications professional who has guided and grown a 50-state civic education program based at Brandeis University.

"We are interdependent. To get through this pandemic and achieve the results we all want for our children we must put all of our love, care, resources, wisdom and focus on meeting the individual needs of each child and ensuring the well-being of every person in our care: child and adult – scholar, staff and educator. That is my commitment to Cambridge. I ask you to vote David #1 on November 2nd and work with me so Cambridge can achieve excellence, equity, innovation and opportunity for every child."
